

Thank You

For downloading the free collection.

I am Gino and I want to thank you. You have just taken a brave step.

By opening these books, you have said "enough" to the rush. You have chosen to look at the lies we are all told about time, worth, and becoming - and you have chosen to do something different. Whether you are a mother, a daughter, or both, this journey is yours. Take it slowly. There is no rush.

In your download folder, you will find:

1. She Was Once You – The Mother's Guide
2. Don't Rush, Girl – The Daughter's Book
3. Tick Tock: 10 Demandments of Time on a Woman – Chapter 1 Preview

A Gift for You

As a thank you for joining this movement, I will be sending you The Slow Rebellion: 40 Things To Do Instead of Rushing - the companion activity book for Don't Rush, Girl - directly to the email you used to download this collection.
Keep an eye on your inbox. It will arrive soon.

Stay Connected

This is more than a book series. It is a quiet rebellion. A movement to break the cycle for the next generation. To explore more resources, read articles, find conversation guides, and join our community, please visit:
